10 THINGS WE LOVE ABOUT FALL

SCARVES

**AUTUMN** is officially upon us. On Sept. 21 we waved goodbye to the cooling dregs of summer heat and swapped them for warm apple cider and our favorite sweaters.

The color of leaves isn't the only thing that changes with the season. Get ready for trips to the pumpkin patch, haunted house scares, and those must-see Husker football games.

Here are a few autumn favorites and some of the fashions you might be donning this year.
