How to French Braid

Step 1:
Take a small section of hair from the top of the head and divide it into three pieces.

Step 2:
Cross right over middle then left over middle.

Step 3:
Add a small section of hair from the right side of the head to the piece of hair on the right. Cross the whole piece of hair over the middle piece.

Step 4:
Add a small section of hair from the left side of the head to the piece of hair on the left. Cross the whole piece of hair over the middle piece.

Step 5:
Repeat step 3 then step 4 multiple times until there is no more hair to add. Try to keep the braid close to the head by making it tight.

Step 6:
Finish the style with a basic braid and fasten with an elastic hairband.
